Headlight washers

Technical specifications

Engine specifications

Type	four-cylinder turbocharged straight engine all aluminum. Dual overhead camshafts. 16 valves. Double variable valve control. Twin balance shafts. Direct Injection. The Twin-scroll turbo. Intercooler. Direct Ignition system with one coil per cylinder.
Volume, dm3	1998
Max power, kW (HP) EEC at RPM	162 (220) at 5300
Max torque: Nm ECC at RPM	350 at 2000-4000
Fuel:	95

Other specifications

Front suspension:	MacPherson strut with gas hydraulic shock absorbers, lower A-arm and heel-shaped inhibitors.
Rear suspension:	duel of multi-link suspension-type (4 links per wheel). coil springs, gas hydraulic shock absorbers, anti-roll bar.
Steering system:	power steering (electro-hydraulic)
Brake system: front/rear	Ventilated/vented
Diameter, front/rear:	302/292 mm
Fuel capacity, litres in volume	62 (13,6 gal)
Curb weight, kg	1580-1620, (3 483-3 571lbs)
Max weight, kg	1985 – 2000 (4 376-4 409lbs)
Max roof load , kg	100, (220,46lbs)
Max trailer weight, kg	1600, (3 527lbs)
Luggage space: dm3	461 (16,28 ft3)

Performance *	M6/A6
Top speed, km/h	240/235
0 to 100 km/h, sec.	6.9/8.6
80 to 120 km/h in fifth gear, sec.	11.5/-

Fuel Consumption*	M6/A6
City, litres/100 km	11.2/12.8
Country road, litres/100 km	5.2/6.0
Combined, litres/100 km	7.4/8.5

CO₂ emissions * M6/A6

Variable driving, g/km	170/200
Environment class, g/km	Euro 5
